

MARCH 8, 2018 IECA'S RANDALL SHUEY BMP INSTALLATION, INSPECTION AND MAINTENANCE

Join us for a day to learn from a professional with over 25 years of experience. We will start with overview of erosion and sediment control fundamentals and regulations and then move into Best Management Practices (BMPs). For BMPs, we will delve into installation, maintenance and inspection. We will also discuss project phasing and managing site waste. There will be something for all levels of experience. All attendees will receive a certificate and earn 7 PDH's.

Randall Shuey, CPESC, CESSWI

Mr. Shuey is a senior environmental scientist with Northpoint Engineering in Concord, NH.

He has been helping clients for more than 25 years navigate through regulations associated with their construction sites.

Mr. Shuey is a part of the International Erosion Control Association Faculty and an Envirocert International Approved Trainer.
